At a press conference in Islamabad, he stated, "We completely reject the 27th Constitutional Amendment as the decision has been unanimously endorsed by our Shura (council)."

US, Russia Hold Talks On Ukraine In Abu Dhabi

WASHINGTON: US Army Secretary Dan Driscoll is meeting with a Russian delegation in Abu Dhabi on Tuesday, US and British media reported, days after talks with Ukraine in Geneva aimed at ending the conflict.

Driscoll met the Russian delegation on Monday with talks due to continue on Tuesday, ABC News and the Financial Times reported, citing a US official.

The latest talks were previously undisclosed, and follow meetings held in Switzerland between US and Ukrainian officials aimed at resolving the war with Russia.

The Financial Times said the head of Ukrainian military intelligence Kyrylo Budanov would be present at the talks, without detailing the Russian officials.

"Driscoll has been involved with this peace process pretty hot and heavy in the past few days," a US official told the Financial Times, without being named.

"Obviously, Ukraine knows what's going on, they knew where he was coming" after Geneva, he added, according to the paper.

Kremlin spokesman Dmitry Peskov neither confirmed nor denied the meetings.

"I have nothing to say. We are following the media reports," he told Russian state media.

The United States has been pushing Ukraine to accept its proposals to end the war, despite Kyiv saying the plan concedes too much to Moscow.

The US plan, originally made up of 28 points, would see Ukraine effectively cede its eastern Donetsk and Lugansk regions to Russia and slash the size of its military — demands that Kyiv has described as unacceptable.

Ukrainian, US and European officials met in Geneva on Sunday to draft an "updated" version of the plan, but the Kremlin responded on Monday that it would not accept European amendments.

IMF Urges Pakistan To Strengthen Tariff Governance, Cut Discretionary Exemptions

ISLAMABAD: The International Monetary Fund (IMF) in its Governance and Corruption Diagnostic Assessment Report on Pakistan, has called for strict implementation of the National Tariff Policy 2025–30.

The IMF asserted that reforms aimed at simplifying the tariff structure must continue.

According to the IMF report, the National Tariff Commission (NTC) needs to reduce its reliance on external consultants, while also limiting the influence of lobbying groups on its decision-making process.

The report further stresses the need to enhance the NTC's technical capacity, strengthen its institutional credibility, and minimize external interference. The IMF also urged measures to curb rent-seeking trends and ensure greater transparency.

The assessment notes that weaknesses in customs enforcement are undermining the impact of tariff reforms.

It recommends removing flaws within the customs system, abolishing Section 18-A of the Fifth Schedule, and restricting the use of exemptions granted under Section 19 of the Customs Act.

To ensure a coherent tariff structure, the IMF advises significantly reducing discretionary tax exemptions.

Meanwhile, Pakistan has accepted a key condition set by the International Monetary Fund (IMF) to conduct a special audit of supplementary grants issued over the past ten years.—RT/Agency

France's Macron Says Trump's Ukraine Peace Plan Needs Improvement

FRANCE: US President Donald Trump's peace plan needs improvement to make it acceptable for Ukraine and Europe, French President Emmanuel Macron told RTL radio on Tuesday. A 28-point US peace proposal made last week caught many in the US government, Kyiv and Europe off-guard and prompted fresh concerns that the Trump administration might be willing to push Ukraine to sign a deal heavily tilted towards Moscow."It's an initiative that goes in the right direction: towards peace. However, there are aspects of that plan that deserve to be discussed, negotiated, improved," Macron said. "We want peace, but we don't want peace that is effectively a capitulation."He added that only the Ukrainians could decide what territorial concessions they are ready to make."What was put on the table gives us an idea of what would be acceptable to the Russians. Does that mean that it is what must be accepted by the Ukrainians and the Europeans? The answer is no," Macron added.Ukraine's first line of defence in case of peace with Russia would be regenerating its own army, and there can be no limit on it, Macron said. He also said frozen Russian assets are in Europe, and Europe alone can decide what to do with them.The US plan would impose a limit on the size of Ukraine's army and give Washington some control of frozen Russian assets.A few hours before a video call of the so-called "coalition of the willing" countries offering to assist post-war Ukraine, Macron also gave details on what a reassurance force might look like "far away from the front line" once fighting stops.—RT/Agency

Aleema, PTI Supporters Continue Sit-In Near Adiala Jail As Police Negotiations Stall

Enough is Enough: Pakistan Cannot Tolerate Another Afghan-Bred Atrocity

The latest brazen terrorist attack on the Federal Constabulary Headquarters in Peshawar — once again with unmistakable fingerprints pointing across the border — is not just another tragic incident. It is the final warning shot in a long, painful pattern of violence bleeding into Pakistan from Taliban-run Afghanistan. The KP Police Chief's clear indication that the attackers were likely Afghan citizens only reinforces what Pakistanis have known for months: the so-called government in Kabul has become a permissive host, if not an active incubator, of terrorist safe havens.

Monday's assault, which claimed the lives of three brave FC personnel and injured 12, showed how deeply entrenched and coordinated these networks have become. Investigators revealed that the assailants had no Pakistani citizenship records, spent the night inside Peshawar before launching the attack, and arrived on a motorcycle now under forensic analysis. The swift response of the KP Police — killing two attackers before they could unleash mass carnage — deserves praise. But heroism alone cannot compensate for a failed regional security environment.

What is new today is not the violence — it is the rising fury of the Pakistani people. Public patience has evaporated. The nation now sees the pattern with painful clarity: terrorists slip in, strike soft and hard targets alike, and melt back into the Afghan shadows under a regime either unwilling or incapable of reining them in.

The world, too, has begun sounding the alarm. The UN Security Council, the EU, and multiple nations warn that the Taliban's growing rogue behavior threatens not only Pakistan but global stability. Islamabad cannot afford to vacillate any longer.

This is the moment for a decisive, all-or-nothing strategy. Pakistan must secure its borders, dismantle cross-border terror networks, and make it unmistakably clear that the era of one-sided restraint is over.

The blood of our martyrs demands nothing less.

Adelaide Strikers Edge Brisbane Heat in Final-Ball WBBL Nail-Biter

Adelaide Strikers 170 for 4 (Wolvaardt 51, Beaumont 51, Hamilton 2-32) beat Brisbane Heat 169 for 5 (Winfield-Hill 47, Wellington 2-31, Ecclestone 2-36) by 6 wickets

South African powerhouse Laura Wolvaardt smacked a half-century in Adelaide Strikers' tense six-wicket WBBL win over battling Brisbane Heat. After Heat posted 169 for 5, Strikers nudged two a leg bye from the final ball in a thriller at Adelaide's Karen Rolton Oval.

Wolvaardt set an ominous early tone with 51 from 33 balls in a decisive Tuesday night knock, while Bridget Patterson (32* from 22) played a cool hand in the frenetic finale. The Strikers required 31 from the last three overs, an equation reduced to seven from Nadine de Klerk's final over. With scores tied on the last ball, Patterson tried a leg-side flick, the ball hitting her pads and running to a vacant fine leg.

Heat remain winless from six games while Adelaide logged a second win of the campaign.—Agency

Connolly's Grit Guides Western Australia to Hard-Fought Draw

Western Australia 188 (Goodwin 53, Thornton 3-25, Manenti 3-40) and 324 for 6 (Connolly 70, Cartwright 64, Goodwin 55, Thornton 3-77) drew with South Australia 333 (McSweeney 68, Hunt 58, Haskett 3-89)

Emerging allrounder Cooper Connolly top-scored with a fighting half-century to help Western Australia thwart South Australia in a Sheffield Shield draw.

Connolly's polished 70 and fifties from Hilton Cartwright and Jayden Goodwin led WA's final-day resistance in the rain-marred day-nighter at Adelaide Oval.

WA started Tuesday's final day 85 for 2, trailing by 60 runs, with SA hoping to engineer a victory push.

But Goodwin followed his first-innings half-century with 55 in another knock of substance, and Cartwright made 64 to defy SA. The pair combined for a 105-run stand for the third wicket, soaking up more than 40 overs from SA's bowlers. Hanno Jacobs broke the partnership when he bowled Goodwin, ending his 156-ball knock. Cartwright departed only 10 runs later, launching at a full, wide delivery from Henry Thornton to Jake Lehmann at point. WA were 185 for 4 but again steadied with Connolly and Aaron Hardie featuring in a 101-run partnership. But the duo were dismissed in a three-over span as Thornton struck at dusk.—Agency

Bartlett and Sandhu Rip Through Victoria as Gabba Pink Ball Mayhem Erupts

Queensland 430 (Renshaw 112, Bartlett 72, Sutherland 3-63) and 32 for 3 beat Victoria 318 for 9 dec (Harper 85, Geyer 4-102) and 143 (Short 54, Sandhu 5-23, Bartlett 4-35) by seven wickets

Queensland quicks Xavier Bartlett and Gurinder Sandhu starred with bat and ball to secure a seven-wicket win over previously undefeated Victoria.

Bartlett struck a bold and brisk 72 off 91 deliveries, his highest first-class score, before bowling with venom and control to claim 4 for 35 on day three of the day-night pink-ball clash at the Gabba.

Player of the match Sandhu, who had made 33 in a 69-run eighth wicket stand with Bartlett, bowled a magnificent spell highlighted by three wickets in one over where he removed the dangerous Matt Short and then Fergus O'Neill and Will Sutherland for ducks.

The tall right-arm seamer got the ball to talk under lights and his 5 for 23 was just reward for what was a lethal exhibition of pace in the top of the table Sheffield Shield showdown.

Queensland resumed day three on 352 for 7 before a fierce storm took the players off. They were all out for 430, a first innings lead of 112, before ripping through Victoria for just 143.

Victoria were 114 for 4 before Bartlett and Sandhu ignited a collapse with the last six wickets falling for just 29 runs.

The drama wasn't over as Queensland lost three quick wickets before reaching their target after the umpires extended play beyond 10.30pm (AEST). That was after an hour had already been added for the rain delay. The match finished at 10.46pm, the latest Queensland officials could remember in the past 20 years.

Bartlett was full of appreciation for Sandhu after the win.

"He's obviously a seasoned campaigner and knows how to keep his cool. That was probably one thing that sticks out when we were batting and bowling together," Bartlett told AAP. "It was an amazing spell from him, the triple-wicket maiden was unbelievable.—Agency

Warwickshire Drops Birmingham Bears Name in Bold T20 Blast Rebrand

Warwickshire have retired their Birmingham Bears moniker for T20 Blast matches, and will instead revert to being called Warwickshire Bears when the re-booted men's and women's competition gets underway in 2026.

The club won their sole T20 title as Birmingham Bears in 2014, but have reverted to their county name after more than a decade, following feedback from members and in recognition of the women's county competition that got underway this season.

"Warwickshire has and always will be at the heart of who we are," Stuart Cain, the county's chief executive, said. "It's our identity and has been for well over a century.

"Over a decade ago, the club decided to be bold with a city-based name for our T20 team and it saw attendances grow to record levels and attract new fans to the Bears. But with our long-term future in mind, and following feedback from members through the members committee, now is the right time for change.

"We represent the county and that's what returning to Warwickshire Bears is about."

The announcement came ahead of the ECB's unveiling of next year's Blast fixtures - which, for the 14th consecutive year, will be hosted at Warwickshire's home ground of Edgbaston (or EdgBLASTon, as per the club's "bold and electrifying move" to rebrand the stadium for the duration of the tournament).

The Blast schedule has been compromised in recent years, following the introduction of the Hundred in a mid-summer block in July and August. This year's event featured a final on September 13, almost two months after the conclusion of the group stage in July, meaning that each of the four teams were missing key players - a situation described by Lancashire's captain, Keaton Jennings, as "ludicrous".

The new-look tournament will take place in a tightened two-month window.—Agency

Hazlewood Back in Action as Cummins Tunes Up with Pink-Ball Prep

In an encouraging sign for Australia, Josh Hazlewood returned to the nets on Tuesday as he recovers from the hamstring injury that kept him out of the opening Ashes Test in Perth.

Pat Cummins, meanwhile, was pictured bowling with a pink ball as he continues his push to return for the day-night Test at the Gabba following his back injury.

The pair trained at Cricket Central in Sydney while New South Wales were playing their Sheffield Shield match against Tasmania.

In what looked like clear evidence of immediate priorities, Hazlewood was bowling with a red ball. He is not expected to be available for the Gabba Test, so his comeback target will be Adelaide, which has reverted to a day Test this year.

Speaking on Monday, Australia coach Andrew McDonald was confident that Hazlewood would be available later in the Ashes.

"I know that he'll be available at some point during the series," he said. "We've got a little bit of that early rehab to go through to formulate where he may plug into the series, but we expect him to take some part in the series."

Cummins has been making good progress in ramping up his bowling in recent weeks and looked impressive in the nets in Perth ahead of the opening Test. The selectors will need to be fully confident that he can get through the workloads required for a Test, even if the early indications are that matches in this series may not go the distance.

"It looked like a player that was nearing the completion of his rehabilitation," McDonald said. "The intensity was there, the ball speed was there. There's a lot of positives, but now it's just really building that resilience within the soft tissue and making sure that we're not putting him in harm's way in terms of accelerating it too much."

The first three Tests of the series are well spaced out - the gap between the first and second now 11 days after the two-day finish in Perth - but the schedule does become more condensed from Adelaide onwards: there is a four-day gap to the Boxing Day Test in Melbourne and the same to Sydney if those matches reach the fifth day.—Agency

Jansen and Harmer Drive South Africa to Brink of Dominant 2-0 Sweep Over India

India 201 and 27 for 2 (Jaiswal 13, Harmer 1-1) need another 522 runs to beat South Africa 489 and 260 for 5 dec (Stubbs 94, Jadeja 4-64)

South Africa ensured their first series win in India in 25 years by building on their lead for nearly five hours. While the declaration, setting India more than they have ever been set at home, seemed a touch conservative, the visitors went to stumps needing eight wickets on the final day to take away all 12 WTC points from this Test and consign India to their second white wash at home in 12 months after 12 years of spotless series record.

As it often happens in such match situations, the same pitch that South Africa batted on, looking untroubled for 70.3 overs, began to look unplayable in the 15.5 India got to play. Marco Jansen didn't even bother with swing and seam, and began to bounce Yashasvi Jaiswal before getting him out on the cut shot. Simon Harmer, who has out-bowled the home spinners, continued his dream series with a dream offbreak to bowl KL Rahul through the gate, and came desperately close to getting B Sai Sudharsan out lbw.

The day began with curiosity around how much South Africa valued the 12 full points from this match vis-a-vis ensuring they give India no chance to threaten their series lead. Turns out they were in no mood for adventure. Especially as the ball started to turn more consistently in the first session of the fourth day than it had done at any point before. Ravindra Jadeja and Washington Sundar got long spells in. Jadeja got Ryan Rickelton caught at extra cover, but then India did what they have struggled to do all Test: get wickets on defensive shots.—Agency

Bird and Bell Crush New South Wales in Ruthless Innings Defeat Marked by No Fight, No Plan

Tasmania 623 for 8 dec (Chaudhary, Ward 119, Jewell 102, Hope 91, Sangha 4-175) beat New South Wales 391 for 9 dec (Patterson 80, Shaw 68, Philippe 52, Hicks 50, Meredith 3-77) and 174 (Shaw 44, Bell 3-30, Bird 3-36) by an innings and 58 runs

Jackson Bird and Gabe Bell shared six wickets to dismantled New South Wales' second innings and secure Tasmania a crushing innings and 58-run Sheffield Shield victory over Tasmania.

In a match in which neither team was able to take all 10 wickets in the first innings, NSW collapsed on day four to be all out for 174 in 92 overs at Cricket Central in Sydney.

After falling to 143 for 9, NSW captain Jack Edwards (38 off 137 balls) dug in with No. 11 Liam Hatcher (8 not out off 79 balls) for 28 overs to frustrate the Tigers, before Riley Meredith took the final wicket, nipping one past Edward's edge to take off stump, to finally sink the the home side.

Tasmania became the first team to secure an outright win in a Shield game at Cricket Central, with the previous four matches at the venue ending in draws.

Cruising at 102 for 2, NSW lost 8 for 41 in the next 25 overs to hand Tasmania their second win of the season. Bell took three wickets in an over: Josh Philippe glancing down the leg side, Charlie Stobo lbw and Tanveer Sangha edging behind. Edwards was clearly unhappy with the umpire's decision for the latter.

After a breezy 43 on day one, Sam Konstas struggled for his 19 in the second innings before being dismissed by Bird against his former team.—Agency

'No Hopes' From Ragtag Taliban Regime Anymore, Says Defence Minister

ISLAMABAD: Defence Minister Khawaja Asif said on Tuesday that Pakistan had no more hopes from the de facto rules in Afghanistan, calling the Afghan Taliban a "ragtag group".

"It will be folly to trust them [Afghan Taliban]. We have tried to remain civil with them [...] but they've not repaid how one should to the soil that's provided home to two of their generations," Asif said during Geo News' programme Aaj Shahzeb Khanzada Kay Saath.

The remarks came after a suicide attack on Monday killed three officers and wounded 11 others at the headquarters of the Federal Constabulary in Peshawar.

Pakistan has witnessed a sharp rise in terrorism since 2021, the year that the Taliban took control of Afghanistan, and despite Islamabad's repeated requests, the regime has yet to rein in terrorists using its soil for cross-border terrorism.

More recently, banned Tehreek-e-Taliban Pakistan (TTP) chief Noor Wali Mehsud plotted the Islamabad suicide attack, which killed 12, Information Minister Attaullah Tarar confirmed earlier today, while the security forces have also gunned down several terrorists, who were Afghan nationals.

The ties between the neighbours, moreover, have strained further since October, when the two sides engaged in clashes. Taliban forces, along with TTP militants, attacked Pakistani posts, martyring nearly two dozen soldiers, following which Pakistan launched major attacks against Afghanistan.

A ceasefire was eventually reached in Doha with the help of friendly nations, but negotiations ended without a long-term deal after Kabul did not provide a written commitment to take action against militants sought by Islamabad.Minister Asif, during today's programme, added that Turkiye, China, Qatar and other friendly countries want peace in the region, noting that its benefits would extend not only to Pakistan but to all nations involved."If the terrorism factory ceases to exist and Afghan people are allowed to earn money", it will benefit everyone, but the Afghan Taliban are the "enemies of the Afghan people", the minister added.—RT/Agency

Pakistan Warns World Of Escalating Islamophobia, Heritage Desecration In India

ISLAMABAD: Pakistan has noted with deep concern the flag hoisting at the so-called "Ram Temple" constructed on the site of the historic Babri Mosque in Ayodhya, the Ministry of Foreign Affairs said on Tuesday.

The Babri Mosque, a centuries-old place of worship, was demolished on December 6, 1992, by extremist mobs inspired by fascist ideologies.

The subsequent judicial processes in India, which acquitted those responsible and permitted the construction of a temple on the demolished mosque's site, speak volumes about the Indian state's discriminatory approach towards minorities.

Indian Prime Minister Narendra Modi has hoisted a saffron flag atop the "temple" during a "sacred ceremony", marking the formal completion of its construction, Indian media reported.

In a statement, Foreign Office spokesperson Tahir Hussain Andrabi said that this reflected a broader pattern of pressure on religious minorities in India and deliberate attempts at eroding Muslim cultural and religious heritage under the influence of majoritarian Hindutva ideology.

"Numerous other historic mosques now face similar threats of desecration or demolition, while Indian Muslims continue to experience growing social, economic and political marginalisation," he said.

The spokesperson said that Pakistan calls on the international community to take cognisance of the rising Islamophobia, hate speech and hate-motivated attacks in India.

The United Nations and relevant international bodies, he stressed, must play a constructive role in safeguarding Islamic heritage and ensuring the protection of the religious and cultural rights of all minorities.—RT/Agency

Islamabad Suicide Attack Plotted By TTP Chief In Afghanistan: Info Minister

ISLAMABAD: Federal Information Minister Attaullah Tarar on Tuesday said that the Islamabad suicide attack was plotted by the banned Tehreek-e- Taliban Pakistan (TTP) chief Noor Wali Mehsud in Afghanistan.

Speaking at a press conference in the capital, the information minister said the suicide attacker had failed to reach his original target due to tightened security.

The suicide blast rocked the federal capital on November 11, leaving at least 12 martyred and 36 injured outside the District Judicial Complex in Islamabad's G-11 area.Minister Tarar said that the attack was planned by the Mehsud through his commander, Dadullah, who is currently in Afghanistan. He said that a joint operation by the Intelligence Bureau (IB) and Counter Terrorism Department (CTD) led to the arrest of four suspects within 48 hours of the attack.

"CTD has arrested Sajidullah alias Shina, Kamran Khan, Muhammad Zali, and Shah Munir," Tarar said.

He said that one of the arrested suspects, Sajidullah, visited Afghanistan in August 2025 to meet Dadullah and remained in contact through an app.The minister said Sajidullah, the main suspect, had brought the suicide attacker and his explosive jacket to Pakistan."Sajidullah joined the Afghan Taliban in 2015 and received training in various camps there. In 2023, he met a man named Dadullah in Afghanistan," the information minister said.

He added that Sajidullah and Muhammad Zali went to Afghanistan with Dadullah and met another TTP militant, Abdullah Jan alias Abu Hamza, in Shegal before proceeding to Kabul.

"Dadullah conveyed Mehsud's orders regarding the suicide attack in Rawalpindi and Islamabad," Tarar said.

The minister said Sajidullah returned to Pakistan and met the suicide bomber, Usman Shinwari, who was a resident of Nangarhar, Afghanistan.

"Usman Shinwari was provided with the suicide jacket and carried out the attack in G-11. The terrorists intended to cause major damage but failed to reach their target," he said.He said that all planning of the attack was carried out from Afghanistan. Sajidullah alias is the main suspect and has been a member of the Afghan Taliban.—RT/Agency

Sri Lanka Beat Zimbabwe To Stay Alive In T20 Tri-Series

RAWALPINDI: Sri Lanka on Tuesday produced a disciplined all-round display to defeat Zimbabwe by nine wickets, keeping their hopes alive in the Pakistan-hosted T20 tri-nation series at Rawalpindi Cricket Stadium.

Chasing a modest 147-run target, the 2014 champions comfortably knocked the winning runs for the loss of just one wicket and 22 balls to spare, courtesy of Pathum Nissanka's blazing knock.

The right-handed opener led Sri Lanka's batting charge with an unbeaten 98, coming off just 58 deliveries and featuring 11 fours and four sixes.

He received notable support from fellow top-order batters Kamil Mishara and Kusal Mendis, who made 12 and 25 not out, respectively.

For Zimbabwe, Brad Evans remained the solitary wicket-taker with one scalp.

Opting to bat first, the Chevrons managed to accumulate 146/5 in their allotted 20 overs despite brisk cameos from all-rounder Ryan Burl and captain Sikandar Raza.

Zimbabwe got off to a dismal start to their innings as Maheesh Theekshana rocked their top order by dismissing Tadiwanashe Marumani and Dion Myers in his first two overs, bringing the total down to 17/2.

Following the early debacle, experienced Brendan Taylor (14) joined Bennett for a brief anchoring 36-run partnership for the third wicket until falling victim to Dasun Shanaka in the eighth over.

Bennett was then involved in another 36-run partnership – a crucial fourth-wicket stand with captain Raza – until coping a bizarre hit-wicket dismissal against Wanindu Hasaranga.—RT/Agency
